TOWN WARRANT  
THE STATE OF NEW HAMPSHIRE

---

(L. S.)

To the Inhabitants of the Town of Sandown, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Sandown, on Tuesday, the Fourteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To raise such sums of money as may be necessary for highways.
4. To raise such sums of money as may be necessary for town poor.
5. To raise such sums of money as may be necessary for interest charges.
6. To see if the town will vote to authorize the Selectmen to hire money for use of the town in anticipation of taxes.
7. To see if the town will vote to raise the sum of two-hundred dollars as yearly payment on long term notes held in The First National Bank at Derry.
8. To act upon any other town business that may come before said meeting.

Given under our hands and seal this twenty-seventh day of February, in the year of our Lord nineteen hundred and thirty-three.

M. D. HATHAWAY,

CLARENCE I. DROWNE,

R. S. SHERBUT,

Selectmen of Sandown.

A true copy of Warrant—Attest:

M. D. HATHAWAY,

CLARENCE I. DROWNE,

R. S. SHERBUT,

Selectmen of Sandown.

## SCHOOL WARRANT

## STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Sandown, qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on Tuesday, March 21, 1933 at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To fill any other vacancies on the school board.
6. To hear reports of agents, auditors, committees, or other officers chosen, and pass any vote relating thereto.
7. To see what alterations, if any, the district will vote for in the school board report of money needed for educational purposes during the ensuing fiscal year, and to see if the district will vote to raise amounts as they called for therein.
8. To choose agents, auditors, and committees in relation to any subject embraced in the warrant.
9. To transact any other business which may come before said meeting.

Given under our hands this 30th day of January, 1933.

BERNARD A. LOVE.

HERMAN OBERLE.

RAYMOND K. BASSETT,

School Board of Sandown.

## SCHOOL BOARD BUDGET

Feb. 5, 1932—Town Treas.—School Money	1,432.86
Feb. 5, 1932—Town Treas.—Dog Tax	78.60
<hr/>	
Total receipts during year	\$4,377.94

## SUPERINTENDENT'S REPORT

To the School Board and Citizens of Sandown:

It is my privilege, as Superintendent of Schools, to again present my report, the sixth annual. In this report I invite your consideration to the following topics: The Pupils' Progress, Economic Conditions and the Schools, Our needs and the Future.

## THE PUPILS' PROGRESS

In line with my last report I wish to continue the tabulation of test scores. The eighth grade was tested separately with the "Standard Graduation Examination" and grades four to seven inclusive used the "Otis Classification Tests". The results are grouped below.

## EIGHTH GRADE

Highest Score	Median Score	Median of Union No. 14
203	130	130
No. of Pupils	No. above Union Median	Median
7	5	

## GRADES FOUR TO SEVEN

Grade	No. of Pupils	Median Score	No. above Union Median
		Union No. 14	
4	7	49	3
5	5	73	2
6	7	93	6
7	5	108	3

These results are satisfactory and represent a fair classification of the results that should occur in a normal distribution of scores. The progress of your pupils has been as expected.

## ECONOMIC CONDITIONS AND THE SCHOOLS

Walter Gifford, chairman of the Unemployment Committee, says "One body of our citizenry remains immune from all blame and responsibility in the difficulties with which we are faced and must be held in special guardianship during the period of readjustment. I refer to the children." Who can deny the truth of this statement? Yet we fear there are hostile agencies afloat who would imperil the greatest socializing agency in America, our public school system. Due to the great economic stress considerable pressure is being brought to bear upon public officials to reduce the burdens of government with schools asked to take a large share in it since they are a large factor in the make-up of the total. Some will advocate as high as reductions of fifth per cent. Such procedure would be disastrous not only to the schools and the children but to our American Civilization, to our political stability, and to our capacity to return to a reasonable level of prosperity. No one of good understanding would advocate a radical reduction in the

money devoted to our public schools. America is not, never has been, never will be so poor that it must starve and cripple its most effective agency of strength and stability.

Education is the balance wheel of civilization. It preserves the best of the past and helps each generation to fashion them to the needs of the future. How much more important just now is this service? Have you not been amazed at the almost negligible amount of lawlessness and disorder during the past year and a half? Have you ever stopped to ask yourself how far the schools are responsible for this control? Schools also contribute to economic stability. Supporting the schools is supporting the grocer, the tailor, the manufacturer, the builder because the money spent flows directly into these channels of activity.

Proposed retrenchments threaten to reduce the pay of teaching to that of unskilled labor. If such retrenchments are adopted, expensive preparation for teaching must be abandoned. The practice of false economy will require that the school curriculum be stripped to a point which will provide only the type of education needed for "horsecart days". Training for sound health, worthy home membership, lifelong learning, good citizenship, vocational skill, useful employment of leisure, and ethical character must be greatly reduced or eliminated. The abandonment of these educational objectives, called forth by the demands of an increasingly complex social and economic system, will be a greater national calamity than abandoning the automobile and reverting to the days of horse and buggy.

We hear much about school costs. Some say they have increased too rapidly since the war. Let us examine some of the reasons for the admitted increase. First, attendance in the United States has increased

approximately 70 per cent since 1914. Since we have not found a way to educate children by machinery, an increase in attendance involves a proportionate increase in school expenditure. Of course we could have prevented the growth in costs due to increased attendance, by allowing fewer children to attend school or by forcing them out of school at an earlier age. Most of us, however, would question whether such a policy would mean a real saving. Second, school costs have increased because the greater demands of the changing times have been exacted. Better trained teachers have been demanded. Better constructed and more healthful buildings have sprung up all over the land. The enrichment of the curriculum to meet the varying needs of individual pupils has become imperative. All of these items conforming to our own greater personal needs contribute to an added expense of operation and are reflected in the public opinion of every school district whether these items are of direct or indirect concern. Third, school costs increased between 1914 and 1926 due to the decreased purchasing power of the dollar. Figures are not available for recent years but various estimates place increased present day costs due to decreased purchasing power at 25% of the increase whereas in 1926 it was 50%. When these three factors are evaluated, most of the increase in school costs is accounted for.

Today your community as well as every other community is studying its schools and every other agency of government to discover what economies can be made to bring expenditures within the community's capacity to pay. Care should be exercised to avoid economies which are shortsighted. The quality of instruction your child receives will depend largely upon what you pay for it. Wise buyers know that there is really no such thing as a bargain. Parents owe it to

their children to weigh carefully and many proposed methods of economizing in school expenditures. A false step here can cripple the fundamental services of the schools. In the years just ahead of us lie important problems. These problems cannot be solved by a blighted generation.

#### NEEDS AND THE FUTURE

With past successes alive in the present, we are led to believe that the future is not barren and dark. Many improvements have been made in personnel, buildings, and equipment. More satisfactory teachers have been employed and retained. Much painting and concrete work has been done. Better teaching equipment is being added from time to time. So we might ask—what is the next step? Remote as it may seem, I believe your greatest need is electric lights. With so many families still in need of them, it would seem, that this need could be met by combined efforts. I hope the future may help decide this problem.

I am deeply appreciative of the support of the School Board, the assistance of the teachers, and the cooperation of parents and friends. The year has passed with a maximum of effort and a minimum of difficulties. "The everlastin' teamwork of every blooming soul" has been our watchword.

Very respectfully,

HAROLD C. BOWLEY

Epping, N. H.
